

# National Grid

## Electric Load Zones

The table below provides a general geographical description of each load zone in National Grid's Service Territory. Each load zone is broken down by region and city. This breakdown will provide the majority of customers with the correct information to determine which prices are applicable to them.

Load Zone	Sub-Zone	Regions	Cities
A	1	West/Frontier	Buffalo, Niagara Falls, Olean , Angola, Lakewood, Dunkirk
B	29	Genesee	Batavia, Brockport, Medina, Albion
C	2	Central/Syracuse	Syracuse, Fulton, Oswego, Pulaski, Cortland
D	31	North/Adirondack	Lake Placid, Malone, Saranac Lake
E	3	Mohawk Valley/Utica	Utica, Rome, Herkimer, Oneida, Watertown, Lowville, Potsdam, Ogdensburg
F	4	East/Capital	Albany, Schenectady, Troy, Hudson, Cobleskill, Amsterdam, Gloversville, Saratoga, Glens Falls, Ticonderoga

For a more detailed description of National Grid's load zones (broken down by county, towns, and hamlets), please go to the PSC No. 220 Electricity tariff.
