Ambit purchases and retires renewable energy certificates sourced from wind for customers on the Ambit Green Northeast product.

Electricity customers in New England are served by an integrated power grid, not particular generating units. The above information is based on the most recently available information in the NEPOOL Generation information System. All electricity suppliers in Rhode Island must supply a mandated percentage of renewable energy to their customers, known as the Renewable Portfolio Standard (RPS).

You may call Ambit Northeast, LLC at (877) 282-6248 or the Rhode Island Public Utilities Commission at 401-941-4500 for additional information.
