SLIDE 1

Hello, my name is _____. I want to thank you for joining us. We are excited to talk to you about Ambit Energy, the Opportunity we provide and what it could mean for you.

SLIDE 2

With Ambit, you have the chance to grow your own business by working with a proven leader in the energy field. As you can see, Ambit grew from a 1-million-dollar company to a 1-billion-dollar company in just seven years. Not only that, thousands of Ambit Independent Consultants were able to grow their business along with us by providing electricity, a service everyone you know already uses.

SLIDE 3

Our people-driven business model has earned us recognition for excellence and success from leading publications and organizations for both Customer service and business integrity. It's a simple truth – the more our Consultants succeed, the more we succeed as a company.

SLIDE 4

You see, Ambit is a company made of up of thousands of entrepreneurs, all dedicated to being part of the finest, most-respected energy retailer in America. By sharing that commitment, our Consultants have helped Ambit grow and build their own businesses. Ambit has now reached over 1 billion dollars in annual revenue, and adds over 150 thousand new Customers a year. And as of today, we've paid our Consultants more than \$875MM in commissions on these new and existing Customers. All to people just like you.

AMBITENERGY

The Opportunity is Wide Open.

- Millions of potential Customers

- Ambit's current market share is less than 3%

SLIDE 5

Even better, the Opportunity continues to grow. Ambit Energy is active in more than 60 markets from coast to coast. That means there are millions of potential Customers and billions of dollars in sales out there. In fact, Ambit has less than three percent of the market share in the areas we serve. That's great news if you're looking to earn extra money on the side.

The Evolving Economy

Currently **43%** of Americans have a job outside of primary work.

By 2027 **86.5** million Americans will work a side gig.

SLIDE 6

And if you're that person, the timing couldn't be better, because the side-gig economy continues to grow. More than 43 percent of Americans have a part-time job outside of their main work. And Forbes estimates that by 2027, more than 86 million Americans will work a side gig. And you can take advantage of this trend by encouraging others to set up their own Ambit business.

Other Side Gig Examples

SLIDE 7

Of course, there are a lot of other side-gig opportunities out there. And they do offer some advantages to traditional 9 to 5 jobs. Almost all of them offer you flexible hours, extra income, and the chance to be your own boss.

The Disadvantages

GRUBHUB Uber airbnb Etsy Vrbo
lyft instacart DOORDASH ebay fiverr.

- Schedule time around others
- Work peak hours
- Work in isolation
- Share personal property
- Invoicing, Delivery, Billing

SLIDE 8

But they also have some serious limitations. You still have to schedule around other people's demands and peak hours. Share your home or car with strangers. Work in isolation. And deliver products, prepare invoices, and manage inventory. So, your part-time gig becomes another full-time job.

Ambit's Way of Owning a Business

- Referring a service; no inventory required
- Necessity everyone uses
- Work on your own time
- Committed team to help you
- Recurring monthly income opportunity
- Low initial investment

SLIDE 9

That's where Ambit's advantages really kick in. You're referring a service everyone needs, without managing inventory. You really can set your own hours, from a few minutes a day to many hours a week. You have the backing of the largest direct seller of energy in America and you can build a recurring monthly income over time. Think about that. With those other companies we just mentioned, you get paid once when you provide a service. With Ambit, you will soon see how you can create an income stream that comes to you month after month when your energy Customers pay their bills. We handle all the billing and pay you directly. And Ambit requires only a minimal investment to get started.

The foundation of the Ambit business is built on the principle of being able to double, triple or even quadruple your initial \$75 investment in 45 days or less. There aren't many side gigs that can offer you that kind of return in such a short amount of time. And Ambit provides the tools to help you get there.

AMBITENERGY

We Do Two Simple Things

Refer Customers to Ambit

Build a Team Who Refer Customers to Ambit

SLIDE 12

And Ambit keeps it simple. You can earn income by referring Customers to Ambit or building a team of entrepreneurs like you who refer Customers to Ambit. Best of all, you're not limited to choosing one track or the other. You can progress along either one or both at your own pace.

Referring Customers

Ambit offers Customers a wide range of plans that meet specific needs. Each plan is categorized as Preferred, Standard or Basic and worth a specific point value:

TEXAS Customers

Preferred	= 4 pts
Standard	= 3 pts
Basic	= 2 pts

SLIDE 13

Let's start with a simple idea. Ambit offers our Customers a wide variety of plans, each designed to meet specific needs. Each plan is categorized as Preferred, Standard or Basic and worth a specific point value towards determining your bonuses and other compensation. You get four points for each Preferred Customer you refer, three for each Standard and two for each Basic.

Jump Start Bonuses

Double, Triple or Quadruple Your Investment in 45 Days or Less

8	12	16
JUMP START 1	JUMP START 2	JUMP START 3
\$150	\$75	\$75
Preferred	OR	Preferred
Standard	OR	Standard
Basic	OR	Basic

SLIDE 14

Let's start with the first bonuses you can earn right out of the gate – Jump Start Bonuses. With Jump Start Bonuses you can double, triple or even quadruple your initial \$75 investment. Again, depending on the plan type, you can refer 2 to 4 Customers and earn a 150-dollar Jump Start 1 Bonus. You just doubled your investment! Just one or two more Customers and you'll earn a 75-dollar Jump Start 2 Bonus. And finally, just one or two more Customers and you get a 75-dollar Jump Start 3 bonus. Earn all three bonuses, and you've made \$300 in your first 45 days, or sooner.

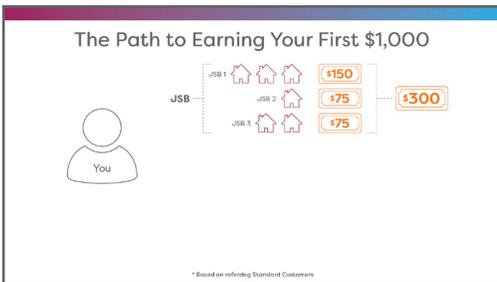

SLIDE 15

Now, let me show you an example of how referring Customers can turn into your first \$1,000, and more. In this example, we're going to focus on referring Standard Customers only, so depending on your effort the numbers could go slightly up or down. The first three Customers you refer earn you the \$150 Jump Start 1 Bonus.

SLIDE 16

One more Customer earns you another \$75.

SLIDE 17

Your next two Customers earn you another \$75 dollars and you've earned all your Jump Start Bonuses and quadrupled your initial investment!

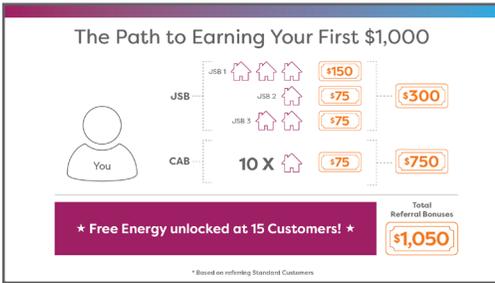

SLIDE 18

And the bonuses keep coming as you gather more Customers! Once you've earned your Jump Start Bonuses, you can earn Customer Acquisition Bonuses every time you refer a Customer who goes pending or energized. Again, these payouts are plan-based - 50 dollars for a Basic Customer, 75 dollars for a Standard and 100 dollars for a Preferred Customer. There's no time limit on adding Customers and no limit to how many CABs you can earn. Make it a goal to earn your Jump Start bonuses as soon as possible so you can start earning your Customer Acquisition Bonuses right away! And if something happens and you don't earn your Jump Start bonuses within 45 days, you will still earn CABs on every Customer you refer after your first 45 days.

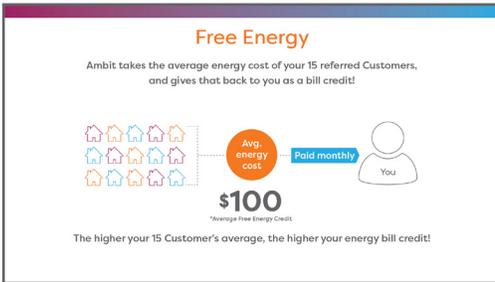

SLIDE 19

Let's go back to our example where we already earned all 3 Jump Start Bonuses. Now, every Customer after that earns us a Customer Acquisition Bonus. If we refer 10 more Standard Customers at \$75 each we make an additional \$750.

SLIDE 20

And now, by referring just 15 standard Customers you've not only earned over \$1,000, but you've unlocked Free Energy!

SLIDE 21

Free Energy is one of Ambit's most powerful and unique earning opportunities. Here's how it works. After referring 15 Customers, Ambit takes their average energy cost and gives that back to you every month. The higher your 15 Customer's average, the higher your energy bill credit.

Building a Team

Who Refer Customers to Ambit

Building a team and earning your first promotion provides four additional ways to earn bonuses and monthly recurring income with Ambit and grow your earning potential.

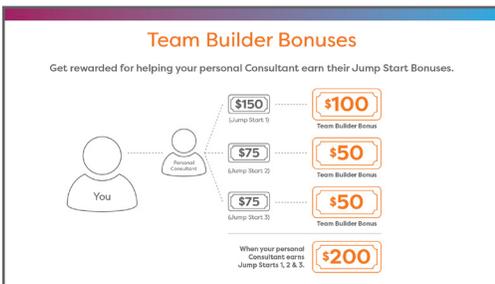

SLIDE 22

Now that you've made over \$1,000 and started earning Free Energy, your friends and family will probably start to ask about your success. Which leads us to the other path – building a team who refer Customers to Ambit. We'll start by discussing bonuses, then how building a team who refer Customers just like you can lead to recurring monthly income.

SLIDE 23

Team Builder Bonuses are just that – rewards for building your team and helping others refer Customers. Whenever one of your personal Consultants earns a Jump Start Bonus, you earn a TBB of 100 dollars when they hit Jump Start 1 and 50 dollars for JS2 and JS3.

SLIDE 24

That's a total of \$200 if your Consultant hits all three Jump Starts in their first 45 days, or sooner.

SLIDE 25

And you can turn that \$200 Team Building Bonus into more by promoting. As you refer more Consultants, and they refer more Customers and Consultants, you'll move up from our first level, Marketing Consultant to potentially reach our highest level, National Consultant, and the bonuses begin to grow. Let me explain how this happens.
