Commercial TDU Delivery Charges

Certain TDU Delivery Charges are billed on a monthly basis, some on a total kWh usage basis, and others on a kW demand basis, depending on the size of the electrical load at your business. For this reason, the total TDU Delivery Charges amount will vary each month depending on your electricity usage. The amount you are billed may include price changes allowed by law or regulatory actions. If the billing kW on your bill is always less than or equal to 10 kW (5 kW in the TNMP service area) or if you do not have a billing kW, use the TDU delivery rates in the section below labeled **COMMERCIAL LESS THAN 10 kW**. Otherwise, use the TDU delivery rates in the section below labeled **COMMERCIAL GREATER THAN 10 kW**.
